

New Source Review newspaper advertisements for construction permit applications, July 19, 2018. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications will be published on one of the following dates: July 17 – 19, 2018. Public notices are generally published every week. The previous publication of public notices was July 12, 2018.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15th Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2nd Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532-0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

The applicant is American Snuff Company, LLC with a mailing address of 4583 Guthrie Highway, Clarksville, TN 37040. They seek to obtain an air contaminant permit (Division identification number: 63-0272-20/974380) for modification of the tobacco mixing and drying operation located at the same address. This proposed modification request is to increase the additive usage in the tobacco mixing operation. Because of the nature and type of emissions from this modification, pollution controls are not recommended for this modification. There would not be physical construction. Regulated air contaminants would be emitted at this facility. Mr. Chris Meek is the assigned Division person.

For the Montgomery County "Leaf-Chronicle"--publish once on or before Thursday, July 19, 2018.

The applicant is Nissan North America, Inc. – Decherd Powertrain Assembly Plant with a mailing address of 520 Nissan Powertrain Drive, Decherd, TN 37324. They seek to obtain an air contaminant permit (Division identification number: 26-0091-11/974156) for modification of the casting operation located at the same address. This proposed operation would remove the existing chip reclaim furnace and pre-heater along with the existing electric die cast melting furnace and replace it with a new natural gas-fired chip pre-heater and new natural gas-fired stack combination melting furnace. The proposed pre-heater emissions will be controlled with an integrated thermal oxidizer. The proposed melting furnace emissions will be controlled by a wet scrubber. There would be physical construction. Regulated air contaminants would be emitted at this facility. Mr. Chris Meek is the assigned Division person.

For the Franklin County "Herald-Chronicle"--publish once on or before Thursday, July 19, 2018.

The applicant is Arnold Engineering Development Complex (AEDC) with a mailing address of 100 Kindel Drive, Arnold Air Force Base, TN 37389. They seek to obtain air contaminant permit (Division identification number 16-0010-75/974277) for a new natural gas fired heater at the same address. The new heater will be used to supply heated air in support of aerospace testing. Because of the amount and type of pollution, pollution control equipment is not proposed. There would be physical construction and regulated air contaminants would be emitted by this source. Mr. M. Ahmed is the assigned Division person.

For the Coffee County “Tullahoma News”--publish once on or before Thursday, July 19, 2018.

The applicant is Gerdau AmeriSteel U.S. Inc. with a mailing address of P.O. Box 10848, Jackson, TN 38308. They seek to obtain an air contaminant permit (Division identification number 57-0189-10/974353) for installation of an ASR (Auto Shredder Residue) Dryer at 801 Gerdau Drive, Jackson, TN 38305. The ASR dryer would enable improvements to the separation and handling operation of the newly installed sorting hubs. A cyclone and a baghouse would be used as control devices. There will be physical construction and regulated air contaminants will be emitted by this source. Mr. M Ahmed is the assigned Division person.

For the Madison County “Jackson Sun-Daily”--publish once on or before Thursday, July 19, 2018.

The applicant is Crossville, Inc. with a mailing address of P.O. Box 1168, Crossville, TN 38557. They seek to obtain an air contaminant permit (Division identification number: 18-0118-03/ 74373) for modification of a Natural Gas-fired Roller Kiln located at 301 Porcelain Tile Drive, Crossville, TN 38557. This existing operation consists of a 20.0 MMBtu per hour natural gas-fired kiln. The requested modification is to increase the allowable nitrogen oxides and carbon monoxide emission rates. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would not be physical construction. Regulated air contaminants are emitted by this source. Mr. G. Forte is the assigned Division person.

For the Cumberland County “Crossville Chronicle”--publish once on or before Thursday, July 18, 2018

The applicant is Eastman Chemical Company with a mailing address of P.O. Box 511, Kingsport, TN 37662. They seek to obtain an air contaminant permit (Division identification numbers: 82-0003-300 and 301/74268) for modification of a Polymer Manufacturing Operation located at 100 Eastman Road, Kingsport, TN 37662. The proposed operation consists of equipment used in the manufacture of polymers. Condensers, catalytic oxidizers, and wet scrubbers, are used to control emissions of volatile organic compounds and hazardous air pollutants. There would be no physical construction. Regulated air contaminants would be emitted by this source but would not increase. Mr. T. Blake is the assigned Division person.

For the “Kingsport Times-News” – publish once on or before Thursday, July 19, 2018.
